

PUBLIC SEATING SOLUTIONS THAT ELEVATE THE VIEWING EXPERIENCE

Auditorium Seating | Stadium Seating

More Than 4 Decades of Transforming Lives with Impeccable Creations

Tathata means 'suchness'. When in harmony with suchness, one can harness abundant energy from it and bring to life impeccable creations.

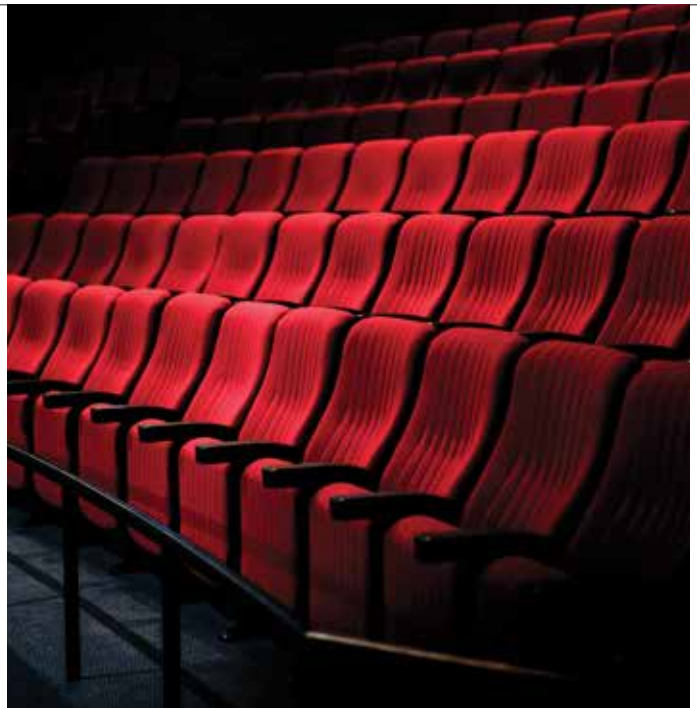

Established in 1980, Tathata is a leading integrated business group dedicated to enriching lives with a focus on quality, sustainability, innovation and trust.

Over more than 4 decades, we have carved our niche in Seating, Construction and Plastic industries with a strong market presence and businesses spanning across Public Seating, RCC Formwork Systems, Conceptual Construction Projects, Mirror Cabinets, Book Racks, Meditation Chairs and Book Publishing.

Our products are manufactured in state-of-the-art fully-integrated manufacturing facilities in strategic locations across India with cutting-edge technologies for product development, process engineering and material engineering. Our infrastructure strength combined with the strength of our team enables us to deliver value for money products that are a barometer of high quality and performance.

Research & innovation that drives better value for customers is instrumental to everything we do. We set a higher standard every time. Our idea of growth permeates beyond parameters of numbers; it is inclusive of the progress of human life.

Your Partner for Innovative and Cost-effective Public Seating Solutions

At Tathata, we are as much in the business of public seating solutions, as much we are in the business of listening to customers and solving their problems.

We provide comprehensive public seating solutions from designing to manufacturing, installation and after-sales service in domestic and global markets for Stadium Seating and Auditorium Seating.

Be it comfort, ruggedness, safety, durability, or style, our products are designed to meet most rigorous of demands and standards. Regardless of the dimensions of venue, we have the vision and expertise to execute the projects in quick turnaround time and cost-effective budgets.

From leisure settings like a movie theatre or sports complex to work settings like a school or convention centre, we understand the nitty-gritty of every venue to build an appropriate public seating solution.

Ultimately it is not seating that we cater, we cater the experience.
